## Product Datasheet

### **Spectrin Alpha 1 (Erythrocyte Marker) (SPTA1/1810), Biotin conjugate, 0.1mg/mL, Clone: [SPTA1/1810], Mouse, Monoclonal BOT-BNCB1810-100**

|                          |                                                                                                                                                                                                                                                               |

| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human SPTA fragment (around aa356-475) (exact sequence is proprietary)                                                                                                                                                                            |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Spectrin is an actin crosslinking and molecular scaffold protein that links the plasma membrane to the actin cytoskeleton, and functions in the determination of cell shape, arrangement of transmembrane proteins, and organization of organelles. Spectr... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |

|                  |                            |
|------------------|----------------------------|
| Klon-Bezeichnung | [SPTA1/1810]               |
| Molekulargewicht | 240 kDa                    |
| UniProt          | <a href="#">P02549</a>     |
| Puffer           | PBS, 0.1% BSA, 0.05% azide |
| Quelle           | Animal                     |
