| Immunogen                | Recombinant full-length human Sex Hormone Binding Globulin protein was used as the immunogen for the Sex Hormone Binding Globulin antibody.                                                                                                                   |
| Produktbeschreibung      | Recognizes a protein of 45kDa, identified as SHBG. It functions as an androgen transport protein, but may also be involved in receptor-mediated processes. Each dimer binds one molecule of steroid. It is specific for 5-alpha-dihydrotestosterone, testo... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [SHBG/8924]                                                                                                                                                                                                                                                   |
| UniProt                  | <a href="#">P04278</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                       |

| Reinheit               | Protein A/G affinity                                                                                  |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                               |
| Antibody Type          | Primary Antibody                                                                                      |
| Application Verdünnung | Immunohistochemistry (FFPE): 1-2ug/ml                                                                 |
| Anwendungsbeschreibung | Optimal dilution of the Sex Hormone Binding Globulin antibody should be determined by the researcher. |
