| Immunogen                | A human recombinant FABP1 protein fragment (within amino acids 1-127) was used as the immunogen for the Fatty Acid Binding Protein 1 antibody.                                                                                                                |
| Produktbeschreibung      | Fatty acid-binding proteins, designated FABPs, are a family of homologous cytoplasmic proteins that are expressed in a highly tissue-specific manner and play an integral role in the balance between lipid and carbohydrate metabolism. FABPs mediate fat... |

| Klon-Bezeichnung         | [FABP1/4463]                                                                                                                                                                                                                                                  |
| UniProt                  | <a href="#">P07148</a>                                                                                                                                                                                                                                        |

|                        |                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------|
| Reinheit               | Protein A/G affinity                                                                                  |
| Formulierung           | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide                               |
| Antibody Type          | Primary Antibody                                                                                      |
| Application Verdünnung | Western blot: 2-4ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml                                          |
| Anwendungsbeschreibung | Optimal dilution of the Fatty Acid Binding Protein 1 antibody should be determined by the researcher. |
