| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | A synthetic peptide corresponding to residues in Human CNN1                                                                                                                                                                                                   |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Calponin regulates smooth muscle cell contraction and is a marker of smooth muscle cell differentiation. Calponin, an Actin- and Tropomyosin-binding protein, is characterized as an inhibitory factor of smooth-muscle actomyosin activity. Calponin is i... |
| Molekulargewicht         | ~ 33 kDa                                                                                                                                                                                                                                                      |
| UniProt                  | <a href="#">P51911</a>                                                                                                                                                                                                                                        |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE).                                                                                                   |

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| Formulierung           | Rabbit IgG, 1mg/ml in PBS with 0.02% sodium azide, 50% glycerol, pH7.2 |
| Application Verdünnung | WB: 1:500~1:1000                                                       |
| Anwendungsbeschreibung | CNN1 polyclonal antibody detects endogenous levels of CNN1 protein.    |
