| Immunogen                | Recombinant fusion protein of human PHPT1(NP_054891.2).                                                                                                                                                                                                       |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | This gene encodes an enzyme that catalyzes the reversible dephosphorylation of histidine residues in proteins. It may be involved in the dephosphorylation of G-beta and ATP citrate lyase and in negatively regulating CD4 T lymphocytes by dephosphoryla... |
| Molekulargewicht         | 13kDa                                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q9NRX4</a>                                                                                                                                                                                                                                        |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE).                                                                                                   |

|                        |                                                            |
|------------------------|------------------------------------------------------------|
| Formulierung           | 1mg/ml in PBS with 0.02% sodium azide, 50% glycerol, pH7.2 |
| Application Verdünnung | WB,1:500 - 1:2000 IF/ICC,1:50 - 1:200                      |
| Anwendungsbeschreibung | Unmodification                                             |
