| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                | A synthetic peptide of human CCT2                                                                                                                                                                                                                             |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | CCT2 is one of eight largely unrelated subunit proteins found in a protein chaperone complex known as the chaperonin-containing TCP-1 (CCT) or TRiC complex. The CCT complex is an abundant cytosolic component that is credited with helping newly synthe... |
| Molekulargewicht         | ~ 57 kDa                                                                                                                                                                                                                                                      |
| UniProt                  | <a href="#">P78371</a>                                                                                                                                                                                                                                        |
| Reinheit                 | The antibody was purified by immunogen affinity chromatography.                                                                                                                                                                                               |

|                        |                                                                                                   |
|------------------------|---------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid in 50mM Tris-Glycine (pH 7.4), 0.15M NaCl, 50% Glycerol, 0.01% Sodium azide and 0.05% BSA. |
| Application Verdünnung | WB (1/500 - 1/1000), IHC (1/50 - 1/100), IF/ICC (1/50 - 1/100), IP (1/10 - 1/50)                  |
| Anwendungsbeschreibung | Recognizes endogenous levels of CCT2 protein.                                                     |
