| Kategorie                | Antikörper                                                                                                                                                                                                                                                       |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                                |
| Immunogen                | The antiserum was produced against synthesized peptide derived from human XRCC4. AA range:261-310                                                                                                                                                                |
| Produktbeschreibung      | The protein encoded by this gene functions together with DNA ligase IV and the DNA-dependent protein kinase in the repair of DNA double-strand breaks. This protein plays a role in both non-homologous end joining and the completion of V(D)J recombination... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                       |
| UniProt                  | <a href="#">Q13426</a>                                                                                                                                                                                                                                           |
| Quelle                   | Polyclonal, Rabbit IgG                                                                                                                                                                                                                                           |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                                                                                                            |

|                        |                                                                          |
|------------------------|--------------------------------------------------------------------------|
| Formulierung           | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.  |
| Application Verdünnung | WB 1:500 - 1:2000. ELISA: 1:20000. Not yet tested in other applications. |
