| Alternativnummer         | AVL-NDRG2-0020                                                                                                                                                                                        |
| Hersteller               | Aves Labs                                                                                                                                                                                             |
| Wirt                     | Gallus                                                                                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                                                                                            |
| Applikation              | ICC, IHC, WB                                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                     |
| Immunogen                | Recombinant protein encompassing the N-terminal ~150 amino acids of human NDRG2                                                                                                                       |
| Konjugation              | Unconjugated                                                                                                                                                                                          |
| Produktbeschreibung      | Our Anti-NDRG2 chicken polyclonal primary antibody from Aves Labs is produced in-house. It detects human, mouse, and rat NDRG2, and is affinity-purified IgY. It is great for use in IHC, ICC, WB.... |
| Klonalität               | Polyclonal                                                                                                                                                                                            |
| Konzentration            | 200 µg/mL                                                                                                                                                                                             |
| Molekulargewicht         | 41 kDa                                                                                                                                                                                                |
| UniProt                  | <a href="#">Q9UN36</a>                                                                                                                                                                                |

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Phosphate-buffered (10 mM) isotonic (0.9%, w/v) saline ("PBS, pH 7.2) with sodium azide (0.02%, w/v) added as a preservative. |
| Formulierung           | Liquid                                                                                                                        |
| Target-Kategorie       | NDRG2                                                                                                                         |
| Antibody Type          | Primary Antibody                                                                                                              |
| Application Verdünnung | Dilution Range: WB Brain: 1:500-1:1000. Dilution Range: IHC: 1:100-1:500. Dilution Range: ICC: 1:100-1:500                    |
