| Hersteller               | Antibodies Incorporated                                                                                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                     |
| Applikation              | ELISA, ICC, IHC, WB                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                          |
| Immunogen                | Purified human spleen ferritin                                                                                                                                                                                                 |
| Konjugation              | Unconjugated                                                                                                                                                                                                                   |
| Produktbeschreibung      | Our Anti-Ferritin rabbit polyclonal primary antibody from Antibodies Incorporated is produced in-house. It detects human Ferritin, and is purified by Protein A chromatography. It is great for use in IHC, ICC, WB, ELISA.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                     |
| Konzentration            | 1 mg/mL                                                                                                                                                                                                                        |
| Molekulargewicht         | 19 kDa (light chain) and 21 kDa (heavy chain)                                                                                                                                                                                  |
| UniProt                  | <a href="#">P02792</a>                                                                                                                                                                                                         |

|                        |                                                                                    |
|------------------------|------------------------------------------------------------------------------------|
| Puffer                 | 1X PBS, 0.05% Sodium Azide pH 7.4                                                  |
| Formulierung           | Purified by Protein A Chromatography                                               |
| Target-Kategorie       | Ferritin                                                                           |
| Antibody Type          | Primary Antibody                                                                   |
| Application Verdünnung | Dilution Range: WB: 1:1000. Dilution Range: IHC: 1:100. Dilution Range: ICC: 1:100 |
