| Produktbeschreibung      | This is a synthetic peptide designed for use in combination with anti-Lhx8 Antibody (ARP31577_P050), made by Aviva Systems Biology. It may block above mentioned antibody from binding to its target protein in western blot and/or immunohistochemistry ... |
| Molekulargewicht         | 36kDa                                                                                                                                                                                                                                                        |
