| Produktbeschreibung      | This is a synthetic peptide designed for use in combination with anti-CCDC103 Antibody (ARP69782_P050), made by Aviva Systems Biology. It may block above mentioned antibody from binding to its target protein in western blot and/or immunohistochemist... |
| Molekulargewicht         | 27kDa                                                                                                                                                                                                                                                        |
