| Hersteller               | Aviva                                                                                                                                                                                                                                                         |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, FC, IF, IP, WB                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Bovine, Canine, Drosophila, Gallus, Guinea pig, Hamster, Human, Monkey, Mouse, Porcine, Rabbit, Rat, Sheep, Xenopus                                                                                                                                           |
| Immunogen                | Recombinant human Hsp60.                                                                                                                                                                                                                                      |
| Produktbeschreibung      | Chaperonin implicated in mitochondrial protein import and macromolecular assembly. Together with Hsp10, facilitates the correct folding of imported proteins. May also prevent misfolding and promote the refolding and proper assembly of unfolded polype... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [LK-1]                                                                                                                                                                                                                                                        |
| Isotyp                   | IgG1                                                                                                                                                                                                                                                          |
