## Product Datasheet

### **Anti-EGFR (phospho Y1173) Antibody [EM-13], IgG1, Unconjugated, Mouse, Monoclonal ABC-A86778-100**

|                          |                                                                                   |
|--------------------------|-----------------------------------------------------------------------------------|
| Artikelname              | Anti-EGFR (phospho Y1173) Antibody [EM-13], IgG1, Unconjugated, Mouse, Monoclonal |
| Artikelnummer            | ABC-A86778-100                                                                    |
| Hersteller Artikelnummer | A86778-100                                                                        |
| Alternativnummer         | ABC-A86778-100                                                                    |
| Hersteller               | Antibodies.com                                                                    |
| Wirt                     | Mouse                                                                             |
| Kategorie                | Antikörper                                                                        |
| Applikation              | FC, IP, WB                                                                        |
| Spezies Reaktivität      | Human                                                                             |
| Immunogen                | Synthetic phospho-peptide covering sequence around tyrosine 1173 of human EGFR.   |
| Konjugation              | Unconjugated                                                                      |
| Produktbeschreibung      | Mouse monoclonal [EM-13] antibody to EGFR (phospho Y1173)....                     |
| Klonalität               | Monoclonal                                                                        |
| Konzentration            | 1 mg/ml                                                                           |
| Klon-Bezeichnung         | [EM-13]                                                                           |
| Isotyp                   | IgG1                                                                              |

|                        |                                                                                                                                               |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Supplied in Phosphate Buffered Saline, pH 7.4, with 15 mM Sodium Azide.                                                                       |
| Formulierung           | Liquid                                                                                                                                        |
| Target-Kategorie       | EGFR                                                                                                                                          |
| Antibody Type          | Primary Antibody                                                                                                                              |
| Application Verdünnung | WB: 1 µg/ml, Positive Control: EGF-stimulated A431, negative control: non-stimulated A431, Flow Cytometry: 1-4 µg/ml, Intracellular staining. |
