## Product Datasheet

### **Recombinant Mouse Von Willebrand Factor Protein (6xHis Tag), Unconjugated ABC-A317514-50**

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Mouse Von Willebrand Factor Protein (6xHis Tag), Unconjugated                                                            |
| Artikelnummer            | ABC-A317514-50                                                                                                                       |
| Hersteller Artikelnummer | A317514-50                                                                                                                           |
| Alternativnummer         | ABC-A317514-50                                                                                                                       |
| Hersteller               | Antibodies.com                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                     |
| Applikation              | SDS-PAGE                                                                                                                             |
| Konjugation              | Unconjugated                                                                                                                         |
| Konzentration            | Reconstitution dependent.                                                                                                            |
| Molekulargewicht         | The protein has a predicted molecular mass of 307.6 kDa after removal of the signal peptide.                                         |
| Tag                      | C-terminal 6xHis Tag                                                                                                                 |
| Puffer                   | Lyophilized from sterile Phosphate Buffered Saline, pH 7.4. Normally 5%-8% Trehalose is added as a protectant before lyophilization. |
| Expression System        | HEK293 cells                                                                                                                         |
| Reinheit                 | > 85% by SDS-PAGE and Coomassie blue staining.                                                                                       |
| Formulierung             | Lyophilized                                                                                                                          |

|                  |                                 |
|------------------|---------------------------------|
| Sequenz          | VWF (Thr23-Lys2813) + 6xHis Tag |
| Target-Kategorie | Von Willebrand Factor           |
