### StreptaClick Antibody Labeling and Biotinylation Kit - 4 Color ABC-A329038-4500

Artikelname	StreptaClick Antibody Labeling and Biotinylation Kit - 4 Color
Artikelnummer	ABC-A329038-4500
Hersteller Artikelnummer	A329038-4500
Alternativnummer	ABC-A329038-4500
Hersteller	Antibodies.com
Kategorie	Kits/Assays
Applikation	FACS, FC, ICC, IHC
Produktbeschreibung	4-color antibody labeling and biotinylation kit for high-plex multiplex immunofluorescence, IHC, ICC/IF, and flow cytometry applications....
Puffer	The StreptaClick antibody labeling reagent contains 0.09% Sodium Azide.
Formulierung	Liquid and Resin
Proben	FFPE Tissue Sections, Frozen Tissue Sections, Tissue Microarrays (TMA), Cultured Cells, Cytospins, Cell Suspensions, Microscope Slides
Application Verdünnung	Each labeling reagent contains 500 µl StreptaClick reagent capable of labeling 50 µg biotinylated antibody, sufficient for approximately 50 slides.
