| Produktbeschreibung      | Eukaryotic Zebrafish Interleukin 10 is a purified Eukaryotic Protein. Purity: >90% by SDS-PAGE. Host: 293F cell. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Zebrafish. Target Name: Interleukin 10. Accession Number: Q5EFQ8. Gene ID: 5... |
| Molekulargewicht         | 20kDa                                                                                                                                                                                                                                                         |
| Tag                      | N-Terminal His Tag                                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">553957</a>                                                                                                                                                                                                                                        |
| Puffer                   | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                                                                                                                                                                       |
| Expression System        | Eukaryotic expression                                                                                                                                                                                                                                         |

|                  |                     |
|------------------|---------------------|
| Reinheit         | >90% by SDS-PAGE    |
| Formulierung     | Freeze-dried powder |
| Target-Kategorie | Interleukin 10      |
