| Kategorie                | Kits/Assays                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | This Mouse Angiotensin I Converting Enzyme 2 (ACE2) ELISA Kit is a Sandwich ELISA assay that will detect and quantify the target analyte in serum, plasma, tissue homogenates, cell lysates, cell culture supernatants and other biological fluids.... |
| Detektionsbereich        | 62.5-4000pg/mL                                                                                                                                                                                                                                         |
| Sensitivitaet            | 24.4pg/mL                                                                                                                                                                                                                                              |
