| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Mouse ATPase, Cu++ Transporting Beta Polypeptide (ATP7b) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 0.156-10ng/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 0.055ng/mL                                                                                                                                                                                                                                                    |
| NCBI                     | <a href="#">1670</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">Q01523</a>                                                                                                                                                                                                                                        |
| Proben                   | tissue homogenates and other biological fluids                                                                                                                                                                                                                |
| Target-Kategorie         | Mouse ATPase, Cu++ Transporting Beta Polypeptide (ATP7b)                                                                                                                                                                                                      |

Anwendungsbeschreibung

Assay Length: 4.5 hours. Experimental Method: Sandwich
