| Hersteller               | reddot Biotech                                                                                                                                                                                                                                                |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Human Aminoacyl tRNA Synthetase Complex Interacting Multifunctional Protein 1 (AIMP1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, cell lysates, cell culture supernatant... |
| Detektionsbereich        | 125-8000pg/mL                                                                                                                                                                                                                                                 |
| Sensitivitaet            | 43pg/mL                                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">22339</a>                                                                                                                                                                                                                                         |
| UniProt                  | <a href="#">Q00731</a>                                                                                                                                                                                                                                        |
| Proben                   | tissue homogenates, cell lysates, cell culture supernatants and other biological fluids                                                                                                                                                                       |

|                        |                                                                                       |
|------------------------|---------------------------------------------------------------------------------------|
| Target-Kategorie       | Human Aminoacyl tRNA Synthetase Complex Interacting Multifunctional Protein 1 (AIMP1) |
| Anwendungsbeschreibung | Assay Length: 3 hours. Experimental Method: Sandwich                                  |
