| Spezies Reaktivität      | Rat                                                                                                                                                                                                                                                     |
| Produktbeschreibung      | This Rat Glutamate Dehydrogenase 1 (GDH) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 1.56-100ng/mL                                                                                                                                                                                                                                           |
| Sensitivitaet            | 0.63ng/mL                                                                                                                                                                                                                                               |
