| Applikation              | ELISA                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                       |
| Produktbeschreibung      | This Human Glypican 1 (GPC1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma, tissue homogenates and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 78.1-5000pg/mL                                                                                                                                                                                                                              |
| Sensitivitaet            | 29pg/mL                                                                                                                                                                                                                                     |
