| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | This Human Kidney Injury Molecule 1 (Kim1) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in tissue homogenates, urine, cell culture supernatants and other biological fluids . This product is for Res... |
| Detektionsbereich        | 31.2-2000pg/mL                                                                                                                                                                                                                                                |
| Sensitivitaet            | 11.6pg/mL                                                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">3624</a>                                                                                                                                                                                                                                          |
| UniProt                  | <a href="#">P08476</a>                                                                                                                                                                                                                                        |
| Proben                   | tissue homogenates, urine, cell culture supernatants and other biological fluids                                                                                                                                                                              |
| Target-Kategorie         | Human Kidney Injury Molecule 1 (Kim1)                                                                                                                                                                                                                         |

Anwendungsbeschreibung

Assay Length: 3 hours. Experimental Method: Sandwich
