| Applikation              | ELISA                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                          |
| Produktbeschreibung      | This Human Membrane Protein, Palmitoylated 6 (MPP6) ELISA Kit is a precoated, Sandwich ELISA assay designed to detect and quantify the target analyte in serum, plasma and other biological fluids . This product is for Research Use Only.... |
| Detektionsbereich        | 12.5-800pg/mL                                                                                                                                                                                                                                  |
| Sensitivitaet            | 3.1pg/mL                                                                                                                                                                                                                                       |
| NCBI                     | <a href="#">3105</a>                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">P30443</a>                                                                                                                                                                                                                         |
| Proben                   | serum, plasma and other biological fluids                                                                                                                                                                                                      |
| Target-Kategorie         | Human Membrane Protein, Palmitoylated 6 (MPP6)                                                                                                                                                                                                 |
| Anwendungsbeschreibung   | Assay Length: 3 hours. Experimental Method: Sandwich                                                                                                                                                                                           |
