| Kategorie                | Antikörper                                                                                                                                                                                          |
| Applikation              | WB                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                               |
| Immunogen                | Recombinant protein within Human p40/RABEPK aa 223-372 / 372.                                                                                                                                       |
| Konjugation              | Unconjugated                                                                                                                                                                                        |
| Produktbeschreibung      | Predicted to be involved in receptor-mediated endocytosis and vesicle docking involved in exocytosis. Predicted to be located in cytoplasmic vesicle, cytosol, and trans-Golgi network membrane.... |
| Klonalität               | Monoclonal                                                                                                                                                                                          |
| Konzentration            | 1 mg/mL.                                                                                                                                                                                            |
| Klon-Bezeichnung         | [JE35-06]                                                                                                                                                                                           |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Molekulargewicht       | Predicted band size: 40 kDa                                                             |
| UniProt                | <a href="#">Q7Z6M1</a>                                                                  |
| Puffer                 | 1*TBS (pH7.4), 0.05% BSA, 40% Glycerol. Preservative: 0.05% Sodium Azide.               |
| Reinheit               | Protein A affinity purified.                                                            |
| Formulierung           | Liquid                                                                                  |
| Target-Kategorie       | Rab9 effector protein with kelch motifs 40 kDa Rab9 effector protein p40 RABEPK RAB9P40 |
| Antibody Type          | Primary Antibody                                                                        |
| Application Verdünnung | WB: 1:1,000                                                                             |
