| Immunogen                | Recombinant protein within human ATF6 aa 1-350.                                                                                                                                                                                                               |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Activating transcription factor 6, also known as ATF6, is a protein that, in humans, is encoded by the ATF6 gene and is involved in the unfolded protein response. ATF6 is an endoplasmic reticulum (ER) stress-regulated transmembrane transcription fact... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL.                                                                                                                                                                                                                                                      |
| Klon-Bezeichnung         | [PSH06-59]                                                                                                                                                                                                                                                    |

|                        |                                                                               |
|------------------------|-------------------------------------------------------------------------------|
| Molekulargewicht       | Predicted band size: 75 kDa                                                   |
| UniProt                | <a href="#">P18850</a>                                                        |
| Puffer                 | PBS (pH7.4), 0.1% BSA, 40% Glycerol. Preservative: 0.05% Sodium Azide.        |
| Reinheit               | Protein A affinity purified.                                                  |
| Formulierung           | Liquid                                                                        |
| Target-Kategorie       | ATF6                                                                          |
| Antibody Type          | Primary Antibody                                                              |
| Application Verdünnung | WB: 1:1,000 ,IHC-P: 1:200-1:1,000 ,ChIP: Use 0.5~2 µg for 25 µg of chromatin. |
