| Immunogen                | Recombinant protein within human Von Willebrand Factor aa 734-1,283.                                                                                                                                                                                          |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Von Willebrand factor (VWF) is a blood glycoprotein that promotes hemostasis, specifically, platelet adhesion. It is deficient and/or defective in von Willebrand disease and is involved in many other diseases, including thrombotic thrombocytopenic pu... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL.                                                                                                                                                                                                                                                      |

|                        |                                                                        |
|------------------------|------------------------------------------------------------------------|
| Klon-Bezeichnung       | [PSH07-45]                                                             |
| Molekulargewicht       | Predicted band size: 309 kDa                                           |
| UniProt                | <a href="#">P04275</a>                                                 |
| Puffer                 | PBS (pH7.4), 0.1% BSA, 40% Glycerol. Preservative: 0.05% Sodium Azide. |
| Reinheit               | Protein A affinity purified.                                           |
| Formulierung           | Liquid                                                                 |
| Target-Kategorie       | VWF, F8VWF                                                             |
| Antibody Type          | Primary Antibody                                                       |
| Application Verdünnung | WB: 1:5,000 ,IHC-P: 1:500 ,IF-Tissue: 1:100 ,IP: 1-2µg/sample          |
