| Spezies Reaktivität      | Human, Monkey, Rat                                                                                                                                                                                                                                            |
| Immunogen                | Recombinant protein within human VIRMA aa 1,431-1,730.                                                                                                                                                                                                        |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Associated component of the WMM complex, a complex that mediates N6-methyladenosine (m6A) methylation of RNAs, a modification that plays a role in the efficiency of mRNA splicing and RNA processing. Acts as a key regulator of m6A methylation by promo... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/mL.                                                                                                                                                                                                                                                      |

|                        |                                                                                       |
|------------------------|---------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [PSH08-28]                                                                            |
| Molekulargewicht       | Predicted band size: 202 kDa                                                          |
| UniProt                | <a href="#">Q69YN4</a>                                                                |
| Puffer                 | PBS (pH7.4), 0.1% BSA, 40% Glycerol. Preservative: 0.05% Sodium Azide.                |
| Reinheit               | Protein A affinity purified.                                                          |
| Formulierung           | Liquid                                                                                |
| Target-Kategorie       | Protein virilizer homolog, VIRMA, KIAA1429, MSTP054                                   |
| Antibody Type          | Primary Antibody                                                                      |
| Application Verdünnung | WB: 1:2,000 ,IF-Cell: 1:50-1:100 ,IHC-P: 1:200-1:1,000 ,FC: 1:1,000 ,IP: 1-2µg/sample |
