Product Datasheet

Human FasL Protein, His-SUMO tag (Animal-Free)
ASC-PRP1212

Artikelname	Human FasL Protein, His-SUMO tag (Animal-Free)
Artikelnummer	ASC-PRP1212
Hersteller Artikelnummer	PRP1212
Alternativnummer	ASC-PRP1212-5, ASC-PRP1212-20, ASC-PRP1212-100
Hersteller	Abbkine Scientific
Kategorie	Biochemikalien
Produktbeschreibung	Fas Ligand (FasL) is a 17.34 kDa tumor necrosis factor with 152 amino acid residues. FasL is expressed from lymphoid tissue and secreted to blood. Binding to its receptor, TNFRSF6/FAS, leads to induce apoptotic signal into cells. Involved in cytotoxi...
Molekulargewicht	29.51 kDa
Tag	FasL
NCBI	356
Reinheit	> 98 % as determined by SDS-PAGE
Formulierung	Lyophilized from sterile PBS,pH 8.0.
Sequenz	Amino acid sequence derived from Human FasL Protein (Gln130-Leu281) (P48023-1) was expressed with 6*His and SUMO tag at the N-terminus.
Formel	29.51 kDa
Anwendungsbeschreibung	Human
