| Hersteller Artikelnummer | HY-P75737                                                                                                                                                                                                                                                      |
| Alternativnummer         | MCE-HY-P75737-1UNIT                                                                                                                                                                                                                                            |
| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                 |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                               |
| Produktbeschreibung      | EpCAM/TROP1 proteins play key roles in multiple processes as homogeneous interacting molecules that facilitate communication between mucosal epithelial midgut epithelial cells (IECs) and intraepithelial lymphocytes (IELs) to establish immunity against... |
| Molekulargewicht         | Approximately 58 kDa, based on SDS-PAGE under reducing conditions.                                                                                                                                                                                             |
| Formel                   | 677680(Gene_ID)Q1WER1/NP_001035118.1 (Q24-K265)(Accession)                                                                                                                                                                                                     |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                         |
