| Hersteller               | MedchemExpress                                                                                                                                                                                                                                                |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | CD70 is the ligand of CD27 in activated T and B lymphocytes, is an important cytokine in CD70-CD27 pathway involving with the generation and maintenance of T cell immunity[1]. CD70 is a surface antigen, also shows antiviral activity and regulates via... |
| Molekulargewicht         | Approximately 55-70 kDa,based on SDS-PAGE under reducing conditions,due to the glycosylation.                                                                                                                                                                 |
| Formel                   | 970(Gene_ID)P32970-1 (L50-P193)(Accession)                                                                                                                                                                                                                    |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
