| Alternativnummer         | ABI-32-17646-50UG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Molecular Characterization: CD93(Thr22-Lys580) mFc(Pro99-Lys330)Molecular weight: The protein has a predicted molecular mass of 84.5 kDa after removal of the signal peptide. The apparent molecular mass of CD93-mFc is approximately 100-130 kDa due to ... |
| UniProt                  | <a href="#">Q9NPY3</a>                                                                                                                                                                                                                                        |
| Target-Kategorie         | CD93                                                                                                                                                                                                                                                          |
| Antibody Type            | Recombinant Antibody                                                                                                                                                                                                                                          |
