| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Description :Recombinant Cynomolgus FOLR1 protein with C-terminal 10AfaHis tagBackground : The protein encoded by this gene is a member of the folate receptor family. Members of this gene family bind folic acid and its reduced derivatives, and trans... |
| UniProt                  | <a href="#">A0A2K5U044</a>                                                                                                                                                                                                                                   |
| Reinheit                 | The purity of the protein is greater than 85% as determined by SDS-PAGE and Coomassie blue staining.                                                                                                                                                         |
| Target-Kategorie         | FOLR1                                                                                                                                                                                                                                                        |
| Antibody Type            | Recombinant Antibody                                                                                                                                                                                                                                         |
