| Hersteller Artikelnummer | 32-5414                                                                                                                                                                                                                                                       |
| Alternativnummer         | ABI-32-5414-0.5MG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Source : The E.coli derived recombinant protein contains the HCV core nucleocapsid immunodominant regions, amino acids 2-119. The protein is fused to a GST tag at N-Terminus. HCV is a small 50nm, enveloped, single-stranded, positive sense RNAvirus in... |
| Reinheit                 | HCV Core Genotype-2b protein is >95% pure as determined by 10% PAGE (coomassie staining).                                                                                                                                                                     |
