| Hersteller Artikelnummer | 32-5435                                                                                                                                                                                                                                                       |
| Alternativnummer         | ABI-32-5435-0.5MG                                                                                                                                                                                                                                             |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Source : The E.coli derived 26.2 kDa recombinant protein contains the HCV NS3 c33c immunodominant regions. The 252 amino acid protein is fused to 6xHis tag. HCV is a small 50nm, enveloped, single-stranded, positive sense RNAvirus in the family Flaviv... |
| Reinheit                 | HCV NS3 Genotype-1b protein is >95% pure as determined by 10% PAGE (coomassie staining).                                                                                                                                                                      |
