| Hersteller Artikelnummer | 32-5549                                                                                                                                                                                                                                                      |
| Alternativnummer         | ABI-32-5549-0.5MG                                                                                                                                                                                                                                            |
| Hersteller               | Abeomics                                                                                                                                                                                                                                                     |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Source : The E.Coli derived recombinant protein contains the T. Pallidum p17 immunodominant regions. The protein contains beta-galactosidase (114 kDa) fused at the N- terminus. Treponema pallidum is a gram-negative spirochaete bacterium and is consi... |
| Reinheit                 | Treponema Pallidum protein protein is >90% pure as determined by 10% PAGE (coomassie staining).                                                                                                                                                              |
| Antibody Type            | Recombinant Antibody                                                                                                                                                                                                                                         |
