Product Datasheet

Anti-Dengue Virus (Clone: DENV-1C19), Clone: [DENV-1C19], Human, Monoclonal ABI-12-8127

Artikelname	Anti-Dengue Virus (Clone: DENV-1C19), Clone: [DENV-1C19], Human, Monoclonal
Artikelnummer	ABI-12-8127
Hersteller Artikelnummer	12-8127
Alternativnummer	ABI-12-8127-100UG
Hersteller	Abeomics
Wirt	Human
Kategorie	Sonstiges
Applikation	ELISA
Immunogen	DENV-1C19 was generated as part of a large panel of cross-neutralizing human monoclonal antibodies derived from human subjects who were confirmed to have had DENV infection by testing their serum for the presence of antibodies that neutralized each of the DENV serotypes 1.
Produktbeschreibung	Reactivity Species : Dengue<_Virus Expression Host : HEK-293 Endotoxin Level : 1.0 EU/mg as determined by the LAL method DENV-1C19 activity is directed against the bc loop of domain II of the E glycoprotein adjacent to the fusion loop (FL), is quater...
Klonalität	Monoclonal
Klon-Bezeichnung	[DENV-1C19]
Reinheit	>=95% monomer by analytical SEC

Antibody Type	Monoclonal Antibody
