| Spezies Reaktivität      | Bovine, Canine, Human, Mouse, Porcine, Rabbit, Rat, Sheep, Yeast                                                                                                                                                                                              |
| Immunogen                | Chicken HSP70/HSP90 complex                                                                                                                                                                                                                                   |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | HSP70 genes encode abundant heat-inducible 70-kDa HSPs (HSP70s). In most eukaryotes HSP70 genes exist as part of a multigene family. They are found in most cellular compartments of eukaryotes including nuclei, mitochondria, chloroplasts, the endoplas... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [BB70]                                                                                                                                                                                                                                                        |

|                        |                                                                                                          |
