## Product Datasheet

### Mouse Transmembrane Protease, Serine 2 (TMPRSS2) Protein, Unconjugated, E. coli ABX655332

|                          |                                                                                                          |
|--------------------------|----------------------------------------------------------------------------------------------------------|
| Artikelname              | Mouse Transmembrane Protease, Serine 2 (TMPRSS2) Protein, Unconjugated, E. coli                          |
| Artikelnummer            | ABX655332                                                                                                |
| Hersteller Artikelnummer | abx655332                                                                                                |
| Alternativnummer         | ABX655332-10UG,ABX655332-50UG,ABX655332-100UG,ABX655332-200UG,ABX655332-1MG,ABX655332-500UG              |
| Hersteller               | Abbexa                                                                                                   |
| Wirt                     | E. coli                                                                                                  |
| Kategorie                | Proteine/Peptide                                                                                         |
| Applikation              | SDS-PAGE, WB                                                                                             |
| Konjugation              | Unconjugated                                                                                             |
| Konzentration            | Prior to lyophilization: 200 µg/ml                                                                       |
| Molekulargewicht         | Calculated MW: 45.7 kDa Observed MW: 46 kDa                                                              |
| Puffer                   | Prior to lyophilization: PBS, pH 7.4, containing 0.01% Sarcosyl, 1 mM DTT, 5% Trehalose and Proclin-300. |
| Expression System        | Recombinant                                                                                              |
| Reinheit                 | > 90%                                                                                                    |
| Formulierung             | Lyophilized                                                                                              |

|                  |                                            |
|------------------|--------------------------------------------|
| Target-Kategorie | Transmembrane Protease, Serine 2 (TMPRSS2) |
|------------------|--------------------------------------------|
