| Expression System        | E.coli                                                                                                                                                                                                           |
| Reinheit                 | > 95% as determined by reducing SDS-PAGE.                                                                                                                                                                        |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4.Normally 5%-8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Met 1-Arg 89                                                                                                                                                                                                     |
