| Molekulargewicht         | calculated_mw: 16.1 kDa. observed_mw: 18.31 kDa                                                                                                                                                                  |
| Tag                      | N-His                                                                                                                                                                                                            |
| NCBI                     | <a href="#">9</a>                                                                                                                                                                                                |
| UniProt                  | <a href="#">Q9D8G5</a>                                                                                                                                                                                           |
| Expression System        | E.coli                                                                                                                                                                                                           |
| Reinheit                 | > 85% as determined by reducing SDS-PAGE.                                                                                                                                                                        |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4.Normally 5%-8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Asp23-Thr157                                                                                                                                                                                                     |
