| Alternativnummer         | ELA-PKSH031302-1MG,ELA-PKSH031302-100UG                                                                                                                                                                           |
| Hersteller               | Elabscience                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                  |
| Applikation              | ELISA                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                                             |
| Molekulargewicht         | calculated_mw: 77.4 kDa                                                                                                                                                                                           |
| Tag                      | N-His                                                                                                                                                                                                             |
| NCBI                     | <a href="#">003225</a>                                                                                                                                                                                            |
| UniProt                  | <a href="#">P02786</a>                                                                                                                                                                                            |
| Expression System        | HEK293 Cells                                                                                                                                                                                                      |
| Reinheit                 | > 85 % as determined by reducing SDS-PAGE.                                                                                                                                                                        |
| Formulierung             | Lyophilized from sterile PBS, pH 7.4Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |
| Sequenz                  | Cys 89-Phe 760                                                                                                                                                                                                    |
