| Artikelname              | Anti-NMDA Receptor, NR2B Subunit, Rabbit, Polyclonal                                                                                          |
| Artikelnummer            | MBS502202-0.1                                                                                                                                 |
| Hersteller Artikelnummer | MBS502202-0.1                                                                                                                                 |
| Alternativnummer         | MBS502202-0.1                                                                                                                                 |
| Hersteller               | MyBiosource                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                    |
| Klonalität               | Polyclonal                                                                                                                                    |
| Reinheit                 | Affinity Purified (Prepared from rabbit serum by affinity purification using a column to which the fusion protein immunogen was coupled.)     |
| Formulierung             | 100 ul in 10 mM HEPES (pH 7.5), 150 mM NaCl, 100 ug BSA per ml and 50% glycerol. Adequate amount of material to conduct 10-mini Western Blots |
