## Product Datasheet

**G3BP1, CT (G3BP1, G3BP, Ras GTPase-activating protein-binding protein 1, ATP-dependent DNA helicase VIII, GAP SH3 domain-binding protein 1) (Azide free) (HRP), Rabbit, Polyclonal  
MBS6300646-5X0.2**

|                          |                                                                                                                                                                                    |

| Alternativnummer         | MBS6300646-5X0.2                                                                                                                                                                   |
| Hersteller               | MyBiosource                                                                                                                                                                        |
| Wirt                     | Rabbit                                                                                                                                                                             |
| Kategorie                | Antikörper                                                                                                                                                                         |
| Klonalität               | Polyclonal                                                                                                                                                                         |
| Reinheit                 | Purified by Protein A and Peptide Affinity Chromatography.                                                                                                                         |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Horseradish Peroxidase (HRP).                                                                             |
