## Product Datasheet

### **Histone H2A.X (H2A Histone Family Member X, H2A.FX, H2A/X, H2AFX), Recombinant, Human, E. coli MBS635605-5X0.1**

|                          |                                                                                                                                                  |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Histone H2A.X (H2A Histone Family Member X, H2A.FX, H2A/X, H2AFX), Recombinant, Human, E. coli                                                   |
| Artikelnummer            | MBS635605-5X0.1                                                                                                                                  |
| Hersteller Artikelnummer | MBS635605-5x0.1                                                                                                                                  |
| Alternativnummer         | MBS635605-5X0.1                                                                                                                                  |
| Hersteller               | MyBiosource                                                                                                                                      |
| Wirt                     | E. coli                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                 |
| Reinheit                 | Highly PurifiedPurified by Ion exchange chromatography. 90% as determined by SDS-PAGE.                                                           |
| Formulierung             | Supplied as a lyophilized powder. Quantitated using the molar absorption coefficient (280nm) of 5120. Reconstitute with sterile water or buffer. |
