## Product Datasheet

**COX17 (COX17 Homolog Cytochrome C Oxidase Assembly Protein, Cytochrome C Oxidase Copper Chaperone, Human Homolog of Yeast Mitochondrial Copper Recruitment, MGC104397, MGC117386) (HRP), Clone: [4G2], Mouse, Monoclonal MBS6151929-5X0.1**

|                          |                                                                                                                                                                                                                          |

| Artikelnummer            | MBS6151929-5X0.1                                                                                                                                                                                                         |
| Hersteller Artikelnummer | MBS6151929-5x0.1                                                                                                                                                                                                         |
| Alternativnummer         | MBS6151929-5X0.1                                                                                                                                                                                                         |
| Hersteller               | MyBiosource                                                                                                                                                                                                              |
| Wirt                     | Mouse                                                                                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                                                                               |
| Klonalität               | Monoclonal                                                                                                                                                                                                               |
| Klon-Bezeichnung         | [4G2]                                                                                                                                                                                                                    |
| Reinheit                 | Purified by Protein A Affinity Chromatography.                                                                                                                                                                           |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with horseradish peroxidase (HRP).                                                                                                                   |
