## Product Datasheet

**SH3MD2 (SH3RF1, Putative E3 Ubiquitin-protein Ligase SH3RF1, SH3 Domain-containing RING Finger Protein 1, Plenty of SH3s, Protein POSH, SH3 Multiple Domains Protein 2, RING Finger Protein 142, KIAA1494, POSH, RNF142) (HRP), Clone: MBS6154948-5X0.1**

|                          |                                                                                                                                                                                                                                        |

| Hersteller               | MyBiosource                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                                                                                                             |
| Klonalität               | Monoclonal                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | [3H3]                                                                                                                                                                                                                                  |
| Reinheit                 | Purified by Protein A Affinity Chromatography.                                                                                                                                                                                         |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with horseradish peroxidase (HRP).                                                                                                                                 |
