## Product Datasheet

**CD69 (Activation Inducer Molecule, AIM, BLAC/P26, CLEC2C, EA1, Early Activation Antigen CD69, Early T cell Activation Antigen p60, GP32/28, Leu23, MLR-3) (PE), Clone: [4H3], Mouse, Monoclonal MBS6156985-5X0.1**

|                          |                                                                                                                                                                                                 |

| Alternativnummer         | MBS6156985-5X0.1                                                                                                                                                                                |
| Hersteller               | MyBiosource                                                                                                                                                                                     |
| Wirt                     | Mouse                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                      |
| Klonalität               | Monoclonal                                                                                                                                                                                      |
| Klon-Bezeichnung         | [4H3]                                                                                                                                                                                           |
| Reinheit                 | Purified by Protein A Affinity Chromatography.                                                                                                                                                  |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with R-Phycoerythrin (PE).                                                                                                  |
