| Artikelname              | Recombinant Human NRG1 beta 1 Protein (Fc Tag), Unconjugated                                                                                                                            |
| Artikelnummer            | ABC-A334400-50                                                                                                                                                                          |
| Hersteller Artikelnummer | A334400-50                                                                                                                                                                              |
| Alternativnummer         | ABC-A334400-50                                                                                                                                                                          |
| Hersteller               | Antibodies.com                                                                                                                                                                          |
| Kategorie                | Proteine/Peptide                                                                                                                                                                        |
| Applikation              | SDS-PAGE                                                                                                                                                                                |
| Konjugation              | Unconjugated                                                                                                                                                                            |
| Konzentration            | Reconstitution dependent.                                                                                                                                                               |
| Molekulargewicht         | The protein has a predicted molecular mass of 50.4 kDa after removal of the signal peptide. The apparent molecular mass of NRG1 beta 1 is approximately 55-70 kDa due to glycosylation. |
| Tag                      | C-terminal Human Fc Tag                                                                                                                                                                 |
| Puffer                   | Lyophilized from sterile Phosphate Buffered Saline, pH 7.4. Normally 5%-8% Trehalose is added as a protectant before lyophilization.                                                    |
| Expression System        | HEK293 cells                                                                                                                                                                            |
| Reinheit                 | > 95% by SDS-PAGE and Coomassie blue staining.                                                                                                                                          |
| Formulierung             | Lyophilized                                                                                                                                                                             |
| Sequenz                  | NRG1 Beta1 (Ser20-Glu242) + hFc (Glu99-Ala330)                                                                                                                                          |
