| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IF, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Konjugation              | BF488                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Plays a critical role in MHC class II antigen processing by stabilizing peptide-free class II alpha/beta heterodimers in a complex soon after their synthesis and directing transport of the complex from the endoplasmic reticulum to the endosomal/lysos... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | Lot dependent                                                                                                                                                                                                                                                 |
| Klon-Bezeichnung         | [E9C4]                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">972</a>                                                                                                                                                                                                                                           |

|                        |                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P04233</a>                                                                                 |
| Puffer                 | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Quelle                 | KLH conjugated synthetic peptide derived from human CD74                                               |
| Reinheit               | Purified by Protein A.                                                                                 |
| Target-Kategorie       | CD74                                                                                                   |
| Application Verdünnung | WB(WB=1:500-2000), IF(IF=1:100-500)                                                                    |
