| Alternativnummer         | NBS-ABB-0Z0D8G-100                                                                                                                                                               |
| Hersteller               | Nordic BioSite                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                       |
| Applikation              | WB                                                                                                                                                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                |
| Immunogen                | E. coli-derived human ESR2 recombinant protein (Position: F289-R501). Human ESR2 shares 93.4% and 93.9% amino acid (aa) sequence identity with mouse and rat ESR2, respectively. |
| Konjugation              | FITC                                                                                                                                                                             |
| Produktbeschreibung      | Anti-Estrogen Receptor beta/ESR2 Antibody . Tested in WB applications. This antibody reacts with Human, Mouse, Rat....                                                           |
| Klonalität               | Polyclonal                                                                                                                                                                       |
| Konzentration            | 500 ug/ml                                                                                                                                                                        |
| Molekulargewicht         | 59216 MW                                                                                                                                                                         |
| NCBI                     | <a href="#">2100</a>                                                                                                                                                             |

|                  |                        |
